

Capabilities Statement

B&B Solutions US, LLC is an 8(a) Small Disadvantaged Business with a mission-oriented approach to provide “Excellence From Start to Finish.” We offer a diverse range of services that encompasses Professional Services/IT Support, Administrative Support, and Facilities/Construction Support.

Although our origins lie in the facilities sector, we have expanded our offerings to provide complex services to various Federal, State, Local, and Commercial clients. We are a GSA Multi-Award Schedule (47 QSM19D08QG) contractor that was awarded a STARS III contract vehicle (470TCB2100069) in July 2021.

Our comprehensive portfolio now covers organizational development and support, including capacity building, technical assistance, consulting, training, and coaching. We also excel in information technology and provide expert service desk management and support. Moreover, our expertise extends to programmatic support with offerings such as analysis, office automation and management, and human capital support. Additionally, we specialize in facilities and logistics support services. This includes, but is not limited to, property management and support, relocation and move services, warehouse support and management, as well as finishing trades and construction support.
